- E. Submitting parties with outstanding fees shall be required to pay all outstanding fees, in addition to any new project submittal, prior to receiving service.

VIII. Fees for Response to Malfunctioning or Nuisance Alarms, Detection, and Suppression Systems

- A. Fire responses to malfunctioning systems not only create a burden on Fire Department resources, but also create a safety risk for the general public. Occupants in structures where malfunctioning systems are considered “routine” may become acclimated to the malfunctioning system and not pay attention to these critical systems during an actual emergency. It shall be the responsibility of the owner, agent, and/or occupants of a structure having fire and life safety systems to maintain the systems for the life of the building, by employing a qualified contractor. All structures and premises shall adhere to the inspection, testing, and maintenance requirements, as defined in the most recently adopted versions of the Florida Fire Prevention Code, National Fire Protection Association (NFPA) Standard 25, Standard for the Inspection, Testing, and Maintenance of Water Based Fire Protection Systems, and NFPA Standard 72, National Fire Alarm and Signaling Code.
- B. It is the responsibility of the owner, agent, and/or occupant(s) to have a qualified contractor on site within two (2) hours of the Fire Department’s request.
- C. If there is no responsible party on-site at the time of a malfunctioning life safety system, in the interest of saving lives and property, the Fire Department will post a “Fire Watch” and fees shall be assessed in compliance with this document. (See Section II (O))
1. First Response: No charge will be incurred if corrective action is taken within twenty-four (24) hours by the property owner or agent.
 2. Should no corrective action be taken, and the Fire Department is called back for the same alarm within a forty-eight (48) hour period, there shall be a base charge of \$75.00 per occurrence. In addition, the following response fees will apply:

Second Response - Same Calendar Year	\$75.00
Third Response - Same Calendar Year	\$225.00
Fourth Response - Same Calendar Year	\$300.00
Fifth Response - Same Calendar Year	\$375.00
Sixth and Subsequent Responses in the Same Calendar Year	\$450.00 with a mandatory Fire Watch, system requirement for acceptance testing, and inspection fees shall be assessed in compliance with Section II(D) - New Fire Alarm

Schedule of Fees

Effective 11/01/2020

- B. The Fort Myers Beach Fire Control District Board of Fire Commissioners (BOFC) fully authorizes the Fire Chief to take all steps necessary to respond and abate emergencies and recover all associated costs as outlined in section XV(A). This includes the adoption of administrative policies regarding the collection of fees, assessments, and liens for services defined in section XV(A). Costs shall be based on the applicable schedule of rates provided by the appropriate Federal Emergency Management Agency (FEMA) table, the Florida Fire Chiefs Association cost recovery schedules, and actual costs for consumables, equipment, response of additional personnel, subcontractors, and other governmental unit employees requested by the Fire District.
- C. Any person(s), property owner, renter or agent who is at fault for the services, including those driving under the influences of drugs or alcohol, or otherwise responsible for the Fire District response and abatement of the incidents in section XV(A) shall reimburse the District in accordance with section XV(B).
1. Reimbursement for expenses is due upon receipt of invoice from the District. Failure to pay the cost recovery invoice within thirty (30) days may result in late fees, and a property lien being placed by the District.
- D. Actions and response as defined in section XV(A) that are caused by a juvenile shall be the responsibility of the legal guardian. The Fire Chief may waive such fees upon enrollment in an approved juvenile fire setters or counseling program.

XVI. All Other Fees

- A. For all other fees not presented in this document, please contact the District's Administrative Office. Other fees include, but are not limited to:
- a. Emergency medical transport
 - b. Emergency medical treatment without transport
 - c. Impact fees as outlined in Florida State Statute 163.31801 and in accordance with applicable Lee County and Town of Fort Myers Beach Ordinances
 - d. Hydrant fee program
 - e. Fire service concurrency evaluations
 - f. Other fees that may be assessed for the sole purpose of recovering costs not specifically included in this fee schedule.
